To whom it may concern,

Sweet Vacation Homes came in to contract with Tuscana in March of 2008. This letter of reference is to inform you. I have complete confidence in their performance. They work with little or no supervision. It has been a privilege to enter in a partnership with a company of their caliber. They strive for excellence to complete task in an ever changing and very versatile industry that the hospitality business brings. It is with great enthusiasm that I would recommend them for your cleaning needs.

Warm regards,
